A collecting game

Contents of the game: 6 figure boards, 1 cloth bag, 36 cut-out pieces (6 hats, 6 tops, 6 bottoms, 12 shoes, 6 accessories).

Aim of the game: To be the first one fully dressed... even if the seasons and styles don't quite match!

Game set-up: Each player chooses a figure board and places it in front of them.

Help the child to identify the following five categories for the 36 clothing and accessory pieces

• hats (green edge)

• tops (orange edge)

• bottoms (pink edge)

- shoes (purple edge)

- accessories (blue edge)

Then put all the pieces in the cloth bag.

How to play: The youngest player goes first.

The players take it in turns to pick a piece out of the bag.

- If a player's figure **does not yet have** an item from the category picked (green, orange, pink, purple or blue), the player puts the piece on their figure in the appropriate place. Then it is the next player's turn.
- If their figure **already has** an item from the category picked, the player puts the piece back in the bag and skips their turn.

Then, the next player picks a piece out of the bag.

For a figure to be fully dressed, it must be wearing:

- 1 hat (green category)
- 1 top (orange category)
- 1 bottom (pink category)
- 2 shoes (purple category)... it still counts if they don't match! But you need a right foot and a left foot.
- 1 accessory (blue category).

The first player with a fully dressed figure... wins!
