C. INSTRUCTIONS

Before you start making your ballerina's hair, cut a 15cm strip of wool for step 4 and a 240cm piece of wool for step 11.

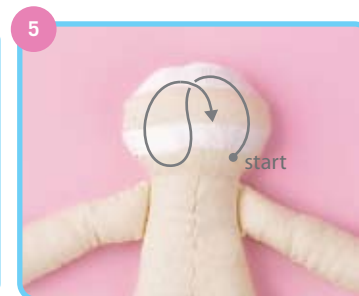

Wind the remaining wool around a book (approximately 30cm in length) as shown in the diagram.

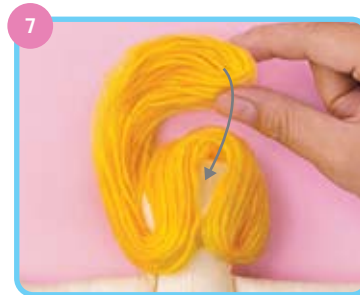

Gently slide the wool off the book.

Take the 15cm wool strip you cut in step 1 and tie it around the middle of the larger woolen loop.

There is fastening tape attached to the back of your ballerina's head. The woolen hair will stick to it like magic without using glue. Follow the arrow direction as shown and gently press the hair against the fastening tape. (Note: It may be difficult to reposition the wool once it is fixed firmly.)

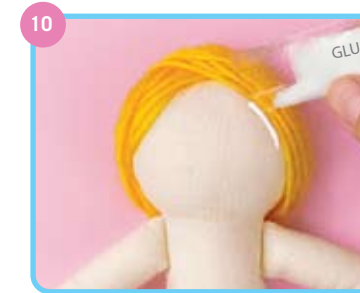

Place the end of the wool in the area shown by the arrow.

The front of her head should look like this. Press firmly again to fix the hair in position.

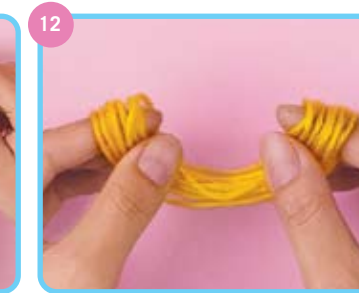

Apply some glue to further secure the loose wool.

Apply some craft glue to the back and front of the ballerina's head and fix her hair into position. Leave it to dry for about an hour.

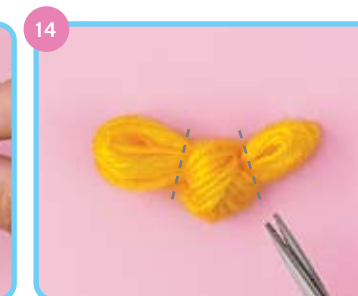

Take the 240cm piece of wool. Wind the wool around a book (approximately 12cm in length) as shown in the diagram.

Gently slide the wool off your palm and tie a knot.

It will look like this.

Trim both ends to make a bun for your ballerina's hair. (Note: Adult assistance required when using scissors)

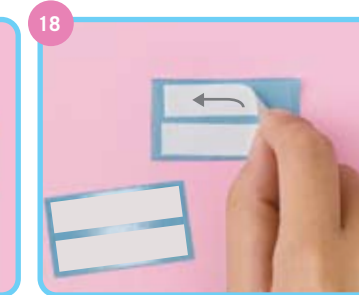

Apply some craft glue to the top of the ballerina's head as shown and stick her bun in position. Leave it to dry for an hour. Make sure the craft glue is completely dry before proceeding to next step.

The front of the ballerina's head will look like this. Attach double-sided adhesive tape to her bun and stick the silver lace tiara in place. You have now completed her hair.

Cut the blue ribbon in half.

Attach the double-sided adhesive tape to the top of the blue ribbons, and peel the backing off the double-sided adhesive tape.

19 Attach one piece of ribbon to the ballerina's chest and the second to her back. You have now completed her top.

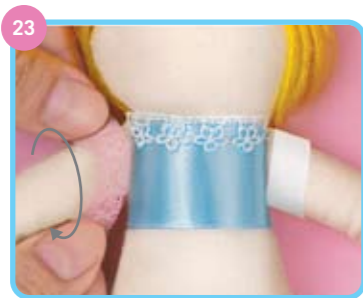

20 Attach the white lace around her neck with a small piece of double-sided adhesive tape.

21 **Sleeves**
Apply the double-sided adhesive tape to the ballerina's shoulders as shown and peel off the backing.

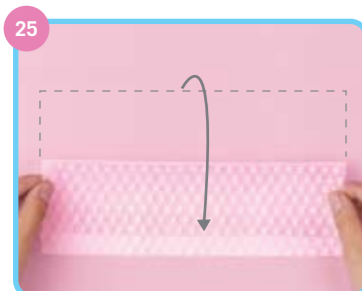

22 Cut a strip 3cm wide from the pink lace. Then, cut the 3 cm strip in half. Roll both halves into circular shapes as shown in the diagram.

23 Using double-sided adhesive tape, wrap the pink lace around her shoulder. Wrap another strip around the other shoulder.

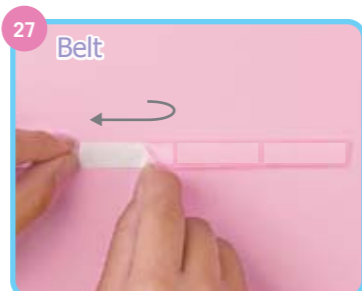

24 **Tutu**
Attach the double-sided adhesive tape to your ballerina's waist.

25 Fold the remaining lace in half lengthwise, making the top layer slightly shorter than the lower layer, and with more colourful side facing outwards.

26 Apply the lace to the double-sided tape, making even pleats around the waist to create the tutu as shown.

27 **Belt**
Apply another piece of double-sided adhesive tape to the back of the pink ribbon and peel off the backing.

28 Attach the belt ribbon to the waist as shown in the diagram.

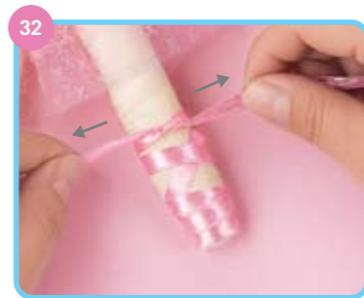

29 Cut off the excess. The tutu is now finished. (Note: Adult assistance required when using scissors)

30 **Ballerina Shoes**
Cut the shoe ribbon (7mm width) in half, making two pieces of equal length for each ballerina shoe. Place the double-sided adhesive tape around the tip of the foot.

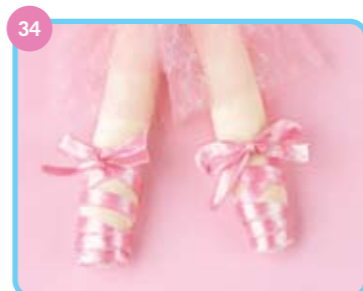

31 Place the middle of one ribbon on the tape (as shown in the diagram) and wrap the two halves in opposite directions around the tip of the foot twice.

32 Cross the ribbon over the leg and knot as shown in the diagram.

33 Make a nice bow and trim the ends of the ribbon. (Note: Adult assistance required when using scissors)

34 Repeat the same steps on the other leg. You have now completed your ballerina's shoes.

35 **Face**
Take the face stencil provided and place it on the doll's face. Use the coloured pencils to colour the eyes blue and lips pink.

36 Your ballerina is now finished! Remember to give her a name and fill in the birth certificate.
